Dear Mr. Crawford,

A letter was sent to you by this Division on October 23, 1978, informing you of your violation of Section 40-8-13 of the Utah Mined Land Reclamation Act and the measures needed to be taken by you to come into compliance with the law. You were also supplied with a copy of the Act and the required forms. To date, this Division has not received the proper filing for the Carol #4 Mine. Therefore, you remain in violation if you are continuing to operate at this mine.

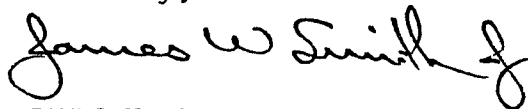

If you are no longer operating and have no plans for further development of this property then you will be held accountable for reclamation of all

We respectfully request that you respond to this matter as soon as possible to rectify the situation. Another field investigation of this area will be performed in the very near future. Should you have any questions or require any assistance please do not hesitate to call.
